

Organized in 1971, the Rogue Flyfishers seek to promote fellowship among individuals and groups to further interest in the sport, to improve angling techniques, and to educate members and the public in ways to preserve and improve natural resources, environment, and conditions for fishing in the Rogue Valley.

## PROGRAM

### Juan J. Calvillo

#### Redband Trout Waters

A fly fishing road trip to Oregon's Crooked, Deschutes and Metolius Rivers.

Redband Trout Waters is the first in a series of "road trip" books. In coming books, Juan will personally photograph all the rivers in the book, then provide readers with what he's learned of the rivers, fish, campgrounds, hub cities and their locale. He will share his experiences so readers can hit the best places when they take a similar road trip while avoiding the "bumps in the road".

Donations for the month of Sept:

Waterwatch of Oregon - \$50  
Rogue Riverkeeper - \$3,000 (grant to fight pipeline)

## Treasurer Needed

We are still in need of someone to volunteer to take over as Treasurer beginning in 2019. Please consider helping the club out by volunteering for this position. You don't need accounting skills. But we do need someone who is detail oriented and trustworthy. The club uses Quickbooks which is a very user-friendly bookkeeping program. You will be instructed on the “whats” and “hows” with backup guidance to make the transition easy for you.

If you are interested, please contact Theresa who will be happy to answer any questions. (541)702-2153

## **October Outing: Summer Steelhead on the Rogue River**

The upper Rogue River is well known for the outstanding summer steelhead fishing it provides. The fishing is at its best in the fall when the number of steelhead is at its peak, the water temperature is ideal, and the rivers flow is low. On top of that, the Chinook salmon are spawning, which concentrates the steelhead below the spawning areas, where they feed on stray salmon eggs and the aquatic insects dislodged by the spawning activity. The Rogue Flyfishers plan to get in on the fun with an outing to the upper Rogue on October 6.

We will meet for breakfast at 7:00 AM at the Apple Peddler Restaurant in White City, have a brief strategy session at about 8:00, and leave for the river shortly thereafter. We will wait until that morning to decide where to fish based on conditions and recent reports. We hope to get enough boats so that all the participants that want to float the river will have the opportunity. If we don't have boat space for everyone, there is a lot of good bank access available.

Since the steelhead should be feeding on nymphs and eggs below the spawning salmon, dead-drifting nymph and egg patterns should be productive. Participants should bring a six to eight-weight rod, a floating line, 3X leader, and flies. Effective patterns include Globugs, Hare's Ears, Pheasant Tails, Prince Nymphs, Copper Johns, and Stonefly Nymphs. The flies should be lightly weighted or weight should be attached to the leader to get the flies down near the bottom. Those that prefer to swing flies, can bring the flies and equipment for that. Since we will be on the river most of the day, bring food and water, rain gear, waders, polarized glasses, and your typical fishing accessories. If you have a driftboat, whitewater raft, or pontoon boat, please bring it.

This outing should provide an opportunity for new members to learn the basics of fishing for steelhead and to become more familiar with the Upper Rogue. It would be great if those members with a driftboat would attend the outing and take a fellow club member or two out for the day.

If you have questions, would like additional information, or are willing to take someone in your boat, please contact David Haight at [tmdrhaight@infostructure.net](mailto:tmdrhaight@infostructure.net).

David Haight, Outings Chair

Come join us, if you can.
